MANZO SPECIALTIES

DRY AGE

We normally dry age our meat for 14 to 21 days in special refrigerator. Aged meat is super tender, softer and richer (beefier) flavour.

T-BONE STEAK

has two different steaks attached to the bone. on long side is striploin steak and smaller side is the tenderloin.

Why choose between a strip steak or filet mignon when you can have both steaks in one portion? The tenderloin is fork-tender and mild flavour. The strip side is bold and beefy. The two distinct steaks on the T-bone are separated by bone in letter T.
